

## MEDES Tutorials

### - Digital Ecosystems: History, State-of-The-Art, and Future

Dr. Gerard Briscoe  
Department of Media and Communications  
London School of Economics and Political Science,  
United Kingdom

#### Audience:

This tutorial is suitable to all audiences engaged in Digital Ecosystems research.

#### About the presenter:

A Postdoctoral Researcher at the Department of Media and Communications at the London School of Economics and Political Science. Before which he received his Ph.D in Electrical and Electronic Engineering from Imperial College London. Prior to which he worked as a Research Fellow at the MIT Media Lab Europe. His research interests include nature-inspired computing in the emerging field of Digital Ecosystems and community forms of Cloud Computing. He has been involved in Digital Ecosystems since their inception, and was one of the first to receive a Ph.D directly related Digital Ecosystems.
